Document date: 13.03.2023

Project time frame: 13.03.2023 - 06.04.2023

Hourly rate: 100 EUR

Project involves designing a print product with illustration and image correction skills. The product aims to provide a visually appealing and engaging experience for the target audience. The design will include layout design, illustration, and image correction to create a visually appealing and effective product.

Calculation

Milestone		Days	Amount
#1	Project Kickoff and Concept Development Conduct a kickoff meeting with the client to align on project objectives and scope. Develop a concept design for the product and present it to the client for approval.	3	2.400,00
#2	Design Development Incorporate client's brand guidelines and content into the design. Create layout designs for each section of the product and present them to the client for approval. Make any necessary corrections to illustrations and images based on client feedback.	7	5.600,00
#3	Content Integration and Testing Integrate client's content into the design. Conduct thorough testing of the product for any functionality or technical issues. Make any necessary corrections to the design based on testing results.	5	4.000,00
#4	Finalization and Delivery Prepare final files of the design for delivery to the client. Conduct a final review of the design to ensure all elements are correctly included. Prepare a detailed documentation of the design for future use.	4	3.200,00
		SUB-TOTAL	19 15.200,00
		VAT 19%	2.888,00
		GRAND TOTAL	18.088,00
